PROFESSIONAL SUMMARY

Enthusiastic Full Stack Developer with practical experience in building cross-platform and web-based applications. Proficient in frontend and backend technologies including .NET, React.js, Node.js, PHP, and MySQL. Hands-on with RESTful APIs, responsive UI design, and data-driven application development. Strong analytical thinker with excellent problem-solving skills, eager to contribute to dynamic software teams.

KEY SKILLS

Full Stack Development • Application Development • Backend Development • .Net Core
• Application Programming • .NET MAUI • Python • MySQL • SQLite • MVC • API Integration • C programming • C++ • JDBC • Java

PROFESSIONAL EXPERIENCE

YaaRCubes — Full-Stack Developer (AUG 2024 – Present)

- Designed and implemented cross-platform mobile apps using .NET MAUI, focusing on performance and UI design.
- Integrated RESTful APIs, optimized database performance with SQLite and MySQL.
- Collaborated with senior developers to debug, refactor, and deliver clean, maintainable code.

UpgradCampus — Data Analyst Intern (JAN 2024 – MAY 2024)

- Conducted data analysis and visualization using Python, SQL, and Tableau.
- Created automated scripts for cleaning and transforming large datasets, improving efficiency by 20%.
- Presented insights and recommendations to the analytics team for business decision-making.

PROJECTS

MyGym Application (.NET MAUI)

- Developed a cross-platform fitness management app using .NET MAUI and C#.
- Integrated backend APIs for user data, workout schedules, and real-time tracking.
- Implemented local data storage with SQLite and synchronization for offline usage.
- Applied MVVM architecture for scalable, maintainable, and responsive design.

EDUCATION

Lovely Professional University, Jalandhar, Punjab

Bachelor of Technology in Computer Science (Data Science – AI & ML with UpGrad)

Graduated with 73% – OCT 2020 – MAY 2024
